ERF 2018

ECHORD++ Workshop "Encouraging Regions and Cities to Innovate through Robotics" March 15th, 2018. From 16:15 to 17:45

PROGRAMME

The main objective of the workshop presented under the umbrella of the ECHORD++ project is to identify the potential of robotics applications for regional and cities' challenges. The participation of the regional public entities as end-users and procurers and the industrial and academic consortia as suppliers give us the opportunity to develop this workshop under the structure of an Open Consultation to link real needs with technological solutions looking to rise new robotic products closer to the market.

Program

16:15-16:25	European regions and Robotics. CECILE HUET. Deputy Head of Unit Robotics – A2 Directorate-General CONNECT, European Commission
16:25-16:35	The European Coordination Hub for Open Robotics Development Plus Plus. ALBERTO SANFELIU . Prof. Dr. Universitat Politècnica de Catalunya, Spain
16:35-16:45	Public end-user Driven Technological Innovation (PDTI) in Urban Robotics BCASA. Barcelona Cicle de l'Aigua. ARSI prototype. EURECAT SIAR Prototype. IDMIND
16:45-16:55	PDTI Healthcare. AQUAS. Healthcare Public Agency CLARC Robotic solution
16:55-17:05	RIFs presentation Farid Dailami, Bristol RIF
17:05- 17:15	Finnish cities and regions Päivi Haho, Metropolia

Intended audience

17:15-17:45

Researchers and practitioners from academia, industry and public administrations interested in the innovative robotic technology addressed to final users as the regions and cities authorities

Open Consultation. Presentations. Coffee Break

Organizers

Prof. Dr. Alberto Sanfeliu, Prof. Dr. Antoni Grau, Dr. Ana Puig-Pey Universitat Politècnica de Catalunya (UPC). Intitute of Robotics Llorens i Artiga 4-6 08028 Barcelona (Spain)
